A Word From Fred S. Cook

In retiring from the firm of the Cook Outfitting Co. I desire to express my sincere thanks and appreciation for the patronage that has been accorded the firm in the past and solicit a continuance of same for my successors, Miles Cook and his three sons. I am leaving the firm with regrets, but I feel that after thirty years in the harness that it is to my interest to get out and take little of the outdoor work and after being associated with the Cook Furniture Co. at Mt. Pleasant for a few months I will take a much needed vacation. Again thanking you for past favors and asking for a continued support of the Cook Outfitting Co. I am sincerely yours,

Fred S. Cook

COURT DECISION BOOSTS PAYMENT OF WHEEL TAXES

HUNDREDS WHO HAD DEFERRED
PURCHASE UNTIL AFTER DE-
CISION ARE NOW BUYING.

MUCH REVENUE TO THE COUNTY

Automobile Owners Who Have Not
Purchased State License Plates Be-
fore February 1 Are Subject to Ar-
rest and Penalty.

The decision handed down by Judge W. C. Whitthorne in criminal court in the case of State vs. W. P. Erwin, charged with failure to pay wheel tax, has given a new impetus to the collection of this tax by County Court Clerk Lipscomb. Many owners of vehicles had been holding back in the payment of this tax, believing that when the test case went to trial the act of 1919 would be held unconstitutional. On the other hand Judge Whitthorne declared the act constitutional, and only quashed the indictment as moved by Col. Thos. Peebles, attorney for the defendant, upon the grounds of duplicity and the failure to state whether or not the offense charged was a violation of the state laws or the county laws.

The decision of Judge Whitthorne will have a far reaching effect, it is believed, as all owners of vehicles in the county were greatly interested in the outcome of the test case. Because it was quashed does not mean at all that the act passed by the last general assembly is wrong, the error being in that the indictment was not drawn correctly.

It is believed that as the result of Judge Whitthorne's decision thousands of dollars in vehicles will be collected within the next few days.

Many owners of automobiles also have deferred the purchase of either state or county license plates until after the decision of the court in the Erwin case was handed down. These now will buy, if they would avoid the liability of arrest, and payment of heavy penalties which will be added after February 1.

County Court Clerk Lipscomb calls attention of the motoring public to the law, requiring that the owner of every automobile must have his motor number when he applies for his 1920 license plate. It is not absolutely necessary that the motorist know his license number of 1920, but this information sometimes is of service, and it is suggested that owners of automobiles who apply for license plates have both the motor number of their car and the 1919 license number.

CITIZENS BUILDING ENTERPRISE HIGHWAY

CO-OPERATING WITH COUNTY OF-
FICIALS IN PUTTING ROAD
IN GOOD SHAPE.

Through the interest and generosity of R. H. Wright and William J. Webster, Jr., of the Carolina company, work commenced this week on the road from Enterprise to Mt. Pleasant. Five wagons have been at work all the week without cost to the county hauling rock, filling up the holes in the road and putting gravel and sand on it. The county highway commission has accepted the offer to pay for loading a truck furnished by the phosphate plant with two trailers to haul gravel on the road. This truck is expected in about a week. County Superintendent Butler will place a grader on the road early Monday and the citizens will grade the road where it is needed. This co-operation between the road officials and citizens to make a good road through an important section of the county is worthy of emulation.

FARMERS ARE BUSY TURNING LAND NOW

ACREAGE FOR CORN IN COUNTY
FROM PRESENT INDICATIONS
WILL BE INCREASED.

Fair weather during the past week has enabled the farmers to work in the fields with the result that very few have been in the city since Monday. Soil and clover lands are being turned in all sections of the county and several farmers have stated that if it continued fair until Monday they expected to start plowing in the stalk fields. Due to the continued wet weather the farmers are behind with their spring plowing, but they are losing no time now making every hour count.

From present indications and despite the shortage of labor, that is county wide, the corn acreage is going to be largely increased. This is due in part to the heavy crops of crimson clover, rye, etc., that was sown last fall. This will be turned under and the land planted to corn. The small

ENJOYS HIS 3 MEALS A DAY

Mr. Wooten Thinks Much of ZIRON Because
It Made Him His Old Self Again.

Sick people do not get much out of life. In order to enjoy your meals, to do your work well, you must be strong and healthy.

Pale, weak, nervous people frequently need iron to enrich their blood and to restore vitality to their system, and a good way to supply the iron is to follow the example of Mr. Clayton Wooten, of Scotland, Ga., who used Ziron Iron Tonic and has this to say about it:

"I have taken Ziron according to directions and I can truthfully say that it is a fine tonic. It has done me all the good. Since I began taking it, I have gained eight pounds in weight and enjoy eating three meals a day. I shall do all I can to recommend Ziron."

Try Ziron! Your druggist sells Ziron on a guarantee to refund your money if the first bottle fails to benefit. You cannot lose anything, but very likely will gain much, by getting a bottle of Ziron, today!
